Liste de vérification des cassettes Beatles

Une liste de vérification personnelle des différents pressages de cassettes des albums Beatles parus au Canada de 1969 à 2001. Chaque entrée montre l'**identifiant de variation**, une courte **description** et l'**année de production**. Cochez une case pour basculer entre possédé/manquant; cocher une entrée non confirmée la promeut à confirmée.

Les cassettes canadiennes se répartissent en dix grandes séries : **Blue Spine** (1969-1982), **Black Spine** (1970-1978), **Light Blue with bars** (1975-1978), **Black AB Square** (1978-1982), **Light Blue AB Square** (1978-1982), **Yellow / Light Blue SDR** (1982-1983), **Black & Yellow / Light Blue 4N** (1984-1985), **Color J-card 4XT** (1985-1991), **Color J-card C4** (1991-1995), **Gold J-card (UK format)** (1988-1995), **EMI Clear Shell** (1995-2000) et **Apple 2.0** (1993+). Elles correspondent aux sections 1 à 10 (avec des sous-variantes à lettres) des identifiants de variation. Pour les détails, voir la page des formats de cassette (../formatscassette.html).

Comme les fabricants de cassettes au Canada étaient surtout sous-traités à Ampex, puis à l'usine Capitol de Mississauga (avec peu de variation visible), la troisième colonne montre ici l'**année de production** plutôt que le fabricant. Les dates sont des estimations éclairées; beaucoup de cassettes ont été vendues sur plusieurs années et le chevauchement des séries rend la datation exacte difficile.
