Label Type 45 RPM Checklist

A transversal checklist of Beatles 45 RPM singles released in Canada, organized by **label type** instead of by single. Each block lists every single variation that bears that specific label sub-type – handy for completing a label-type series rather than a single. Tick a box to toggle owned/missing; ticking an unconfirmed entry promotes it to confirmed.

Order matches the Releases by Label Type (serieslabel.html) page: Decca → MGM → ATCO → Capitol Swirl → Apple → Target → Orange → Purple → Retro Rainbow.
