Liste de vérification des albums par type d'étiquette

Une liste de vérification transversale des pressages d'albums Beatles parus au Canada, classés par **type d'étiquette** plutôt que par album. Chaque bloc énumère toutes les variations d'album qui portent ce sous-type d'étiquette précis, pratique pour compléter une série par type d'étiquette plutôt qu'un album. Cochez une case pour basculer entre possédé/manquant; cocher une entrée non confirmée la promeut à confirmée.

Les étiquettes non-Capitol (MGM, United Artists, ATCO, Metro, Polydor) apparaissent en premier, suivies de l'ordre standard de la page Parutions par type d'étiquette (serieslabel.html) : Rainbow → Apple → Target vert → Target rouge → Orange → Violet → Arc-en-ciel Retro. Un dernier bloc **Quêtes secondaires** regroupe toutes les parutions non officielles, « budget », d'échantillon et d'importation.
