Label Type LP Checklist

A transversal checklist of Beatles LP pressings released in Canada, organized by **label type** instead of by album. Each block lists every album variation that bears that specific label sub-type — handy for completing a label-type series rather than an album. Tick a box to toggle owned/missing; ticking an unconfirmed entry promotes it to confirmed.

Non-Capitol labels (MGM, United Artists, ATCO, Metro, Polydor) appear first, followed by the standard Releases by Label Type (serieslabel.html) order: Rainbow → Apple → Green Target → Red Target → Orange → Purple → Retro Rainbow. A final **Side Quests** block collects all unofficial, budget, sampler and import releases.

Tip: click the box to toggle owned/missing. For unconfirmed entries, ticking the box marks them as "confirmed" — they turn blue so newly verified ones stand out. Click any text to edit.
