Beatles 8-Track Checklist

A personal checklist tracking the various 8-track tape pressings of Beatles albums released in Canada. Each entry shows the **variation ID**, a short **description**, and the **manufacturer**. Tick a box to toggle owned/missing; ticking an unconfirmed entry promotes it to confirmed.

Canadian 8-track tapes span five main shell series: **Ampex White** (1968–1970), **Ampex Transitional A and B** (1970–1971), **Ampex Black** (1971–1973), **Lear Jet** / Hardman Industries (1973–1976), and **Capitol** (1976–1982). These correspond to sections 1 through 5 in the variation IDs.
